

REMARKS

The above amendments particularly point out and distinctly claim the subject matter of the invention. Antecedence for the amendments exists in the original application which includes the drawings. No new matter has been added. Entry and allowance are requested.

Claims 1-10 are patentable under 35 U.S.C. 102(b) over Prindle because Prindle does not describe, teach nor suggest a utensil with a handle and a tool for handling food products with the handle having a substantially V-shaped or U-shaped cross-section perpendicular to a longitudinal direction of the utensil.

Since Applicant has presented a novel, unique and non-obvious invention, reconsideration and allowance are respectfully requested.

Respectfully,
